

St. Joseph's General Hospital Elliot Lake (SJGHEL) is looking for Locum Hospitalists for our new Hospitalist Program!

Are you a physician looking for a rewarding locum opportunity with the perfect balance of work and leisure? SJGHEL is inviting locum physicians to join our collaborative and supportive team.

About SJGHEL

Our hospital serves Elliot Lake and surrounding area and is comprised of a **55-bed** acute medical/surgical program along with a **6-bed level 2 advanced intensive care unit (ICU)** with support from HSN Intensivists. The ICU is an open unit where general surgeons, anaesthesiologist, and physicians have admitting privileges. The hospital has 24/7 lab and diagnostic imaging capabilities which includes a CT scanner to provide necessary diagnostic capabilities. At SJGHEL there is a multidisciplinary approach to care comprised of Nursing, Allied Health Professionals, and a Specialized Geriatric Inpatient Consult Team. The team provides a patient-centred approach to care that focuses on interdisciplinary responsibility and accountability for positive patient outcomes.

Through our community hospital we offer:

24-hour Emergency Department, 24-hour Obstetrics on-call, 55 acute medical/surgical program beds, full-range laboratory onsite and on-call, six-bed ICU, including virtual critical care support from Health Sciences North/ Satellite Renal Dialysis Unit, Clinical Dietician and Diabetes Education Program, Surgical Program 24/7 Onsite and on-call Anaesthesia, CT Scanner, x-ray, ultrasound, ECHO, and bone density, onsite and on-call, In-house and Satellite Oncology Services, Infusion Clinic, Hospice Suite, Onsite Chapel
